

PROFILE:

Previous experience in the cruise industry. Working in cruise ships can be the best experience, but it is also one of the most challenging Jobs, we have to be ready and on time for our daily tasks, We have to do the boat drill with guests and crew, teaching everyone the routes and safety processes in any emergency, showing the assembly stations, to take the lifeboat, how to put on life jackets and when. Working away from home implies the responsibility to do the right thing, for the safety of all and the stability of my family at home.
